

MEIYUN LIN

Meiyun.Lin@noaa.gov; 609.452.6551

Princeton University Forrestal Campus (GFDL 250), 201 Forrestal Road, Princeton, NJ 08540

<http://www.gfdl.noaa.gov/meiyun-lin-homepage>

Education

- Ph. D. 2007 Depart of Civil Engineering, University of Tokyo, Japan
M.E. 2004 Depart of Environmental Engineering, Dalian University of Technology, China
B. E. 2001 Depart of Environmental Science and Engineering, Sichuan University, China

Employment History

Research Scholar, Princeton University, Atmospheric and Oceanic Sciences (2016.07-present)

Associate Research Scholar, Princeton University-Atmospheric and Oceanic Sciences
(2010.06-2016.06)

Postdoctoral Scientist, University of Wisconsin-Madison, Center for Sustainability and the Global Environment (2008.03-2010.05)

Postdoctoral Researcher, University of Tokyo, Center for Climate System Research
(2007.10-2008.02)

Graduate Researcher, University of Tokyo, Institute for Industrial Science (2004.09-2007.09)

Media Reports and Research Highlights

- March 1, 2017. *Asian pollution, heat waves threaten U.S. smog control efforts*, Princeton Press Release on Lin's work published in [Atmospheric Chemistry and Physics](#).
- May 12, 2015. [Nature Communications](#) published Lin's work that identifies a link between La Niña and western US deep stratospheric ozone intrusions. The paper was highlighted in [NOAA Research](#) and multiple media outlets including [Environment & Energy News](#).
- January 26, 2014. [Nature Geoscience](#) published Lin's work that solves the mystery of Hawaiian ozone changes since the 1970s. The paper was featured in [Nature's News & Views](#), [Princeton Journal Watch](#), and multiple media outlets.
- June 12, 2013. [The U.S. House Subcommittee on Environment Hearing](#). Lin MY et al [2012b], on stratospheric intrusions and the challenges for the western states to achieve more stringent ozone standards, was cited by multiple expert testimonies.
- January 1, 2013. Lin MY et al. [2012a] ranked [JGR's top 1 most cited paper](#) for all 2753 articles published in 2012.
- December, 2012. [NOAA's top research accomplishments of 2012](#) included Lin MY et al. [2012a].
- March 6, 2012. [New York Times Greenblog](#). Meiyun Lin interviewed on Asian pollution and western U.S. ozone air quality.
- March 5, 2012. [NOAA Research](#). Meiyun Lin interviewed on Asian pollution and western U.S. ozone air quality.
- March 5, 2012. [Nature News](#). Meiyun Lin interviewed on using NASA satellites to forecast Asian pollution events over the western U.S.

- March 1, 2012. [Science Magazine ScienceShot](#). Richard A. Kerr, a senior reporter, wrote about Lin et al [2012a] on imported Asian pollution.
- February 17, 2012. Lin MY et al [2012a] selected as [AGU Editors' highlight](#).

Engagement in Community and Research Activities

- Contributor, Tropospheric Ozone Assessment Report (2015-present)
- PI for GFDL-AM3 model, IGAC/Chemistry-Climate Model Initiative (2013-present)
- PI for GFDL-AM3 model, Hemispheric Transport of Air Pollution Phase 2 (Contributing to AeroCom) (2011-present)
- Member/Co-Investigator, [NASA Air Quality Applied Sciences Team](#) (2011-2016)
- Contributor, [U.S. EPA Integrated Science Assessment \(ISA\) for Ozone and Related Photochemical Oxidants 2013 \(2011-2013\)](#)
- Section Co-Chair, American Geophysical Union (AGU) Fall Meeting 2011: Impacts of baseline ozone and particulate matter on surface air quality (2011)
- Reviewers for *J. of Geophys. Res., Geophys. Res. Lett., Atmos. Chem. Phys., Environ. Res. Lett., Atmos. Environ., Environ. Sci. & Tech, Science of The Total Environment*

Publications

1. **Lin, M.Y.**, W. Horowitz, R. Payton, A.M. Fiore, G. Tonnesen (2017). *US surface ozone trends and extremes over 1980-2014: Quantifying the roles of rising Asian emissions, domestic controls, wildfires, and climate*. **Atmos. Chem. Phys.**, doi:10.5194/acp-17-2943-2017
2. M. Leonard, I. Petropavlovskikh, **Lin, Meiyun**, A. McClure-Begley, B. J. Johnson, S. J. Oltmans, D. Tarasick (2017). *First look at the NOAA Aircraft-based Tropospheric Ozone Climatology in Colorado*. **Atmos. Environ.**, in review

Book Chapters and Reports (1)

UN Task Force on Hemispheric Transport of Air Pollution (2010). **Meiyun Lin** served as a contributing author to *Chapter 4: "Global and Regional Modeling"*. In: *Hemispheric Transport of Air Pollution 2010 (HTAP 2010) - Part A Ozone and Particulate Matter*, pp. 135-198, UNECE Air Pollution Studies No. 17 (ISSN 1014-4625), www.hrap.org

Select Presentations

Oct 31, 2016, **University of Toronto Noble Seminar Series**: *Linking climate variability to surface ozone trends and extremes* (*Invited*)

Apr-11, 2016, **MIT Atmospheric Science Seminar**: *Climate versus emission drivers of ozone pollution trends and extremes* (*Invited*)

Apr-8, 2016, **Harvard University Atmospheric Science Seminar**: *The roles of climate variability on U.S. surface ozone trends and extremes* (*Invited*)

Oct-7, 2015, **IGAC/SPARC Chemistry Climate Model Initiative Workshop, Italy**: *The Role of Climate, the Stratosphere, and Emissions on US Surface O₃ Trends and Extremes* (*Invited*)

Sep-18, 2015, **CARB/UC Davis Meteorology And Climate - Modeling for Air Quality (MAC-MAQ) Conference**: *Detecting changes in US background ozone means and extremes amidst climate variability* (*Invited*)

Aug-20, 2015, **Western States Air Resources Council**. Key drivers of western US surface ozone means and extremes: Climate variability, stratospheric intrusions, and Asian pollution (*Invited seminar*)

May-11, 2015, **HTAP: Modeling Air Quality from the Global to Local Scales, NCAR**: Establishing process-oriented constraints on global models for ozone source attribution: Lessons from GFDL AM3

May-13, 2015, **Western Regional Air Partnership (WRAP), NCAR**: Key drivers of western US surface ozone variability over recent decades: Stratospheric intrusions, Asian pollution, and Climate variability (*Invited*)

Apr-21, 2015, **NASA AIRS Science Team Meeting, JPL, Pasadena**: Challenges in quantifying sources and variability of lower tropospheric ozone over western N. America: Perspectives from satellites and models (*Invited keynote speaker*)

Apr-1, 2015, **Yosemite Transboundary Ozone Pollution Conference**: Quantifying Asian influence on Western U.S. surface ozone exceedances and long-term trends (*Invited*)

Feb-19, 2015, **CENRS Air Quality Research Subcommittee**: Key drivers of Western U.S. surface ozone variability over recent decades: Stratospheric intrusions, Asian pollution, and climate (*Invited*)

Dec-15, 2014, **American Geophysical Union Fall Meeting**: Key drivers of Western U.S. surface ozone variability from 1980-2050: From extreme events to background trends (*Invited*)

- Dec-19, 2014, **American Geophysical Union Fall Meeting**: Role of climate variability on tropospheric ozone (*Invited*)
- June 2014, **NASA Air Quality Applied Sciences Team (AQAST) Meeting**, Harvard University: Year-to-year variability in Western U.S. high-ozone events tied to stratospheric influence: Implications for seasonal prediction to aid regional air quality planning.
- May 2014, IGAC/SPARC **Chemistry-Climate Model Initiative Workshop**, Lancaster, UK: Role of climate variability on tropospheric ozone variability and trends (*Invited*)
- Dec 2013, **UN Task Force on Hemispheric Transport of Air Pollution (HTAP)**, San Francisco. Influence of decadal climate variability on hemispheric pollution transport.
- Aug 2013, **Hiram "Chip" Levy Symposium**, Princeton: Footprints of decadal climate variability in ozone at Manna Loa Observatory
- July 2013, **Western Regional Air Partnership (WRAP)-Western Air Quality Modeling Workshop**, Boulder: Asian and stratospheric influences on Western U.S. ozone variability and trends (*Invited*)
- Dec 2012, **American Geophysical Union (AGU) Fall Meeting 2012**, San Francisco: Developing space-based indicators of stratospheric influence on Western U.S. high surface ozone events
- Nov 2012, **NASA Sounder Science Team Meeting**, Maryland: Predicting Western U.S. high surface ozone events from Asian pollution and stratospheric intrusions: Exploration of AIRS Data (*Invited*)
- Oct 2012, **Western States Air Resources Council (WESTAR)-Western Ozone Transport Workshop**, Nevada: Daily to decadal variability in sources of springtime surface ozone events over the western United States: stratospheric intrusions, Asian pollution, and fires (*Invited*)
- Oct 2012, **NASA Aura Science Team Meeting**, Pasadena: Identifying and forecasting deep stratospheric ozone intrusions over the western United States from space (*Invited*)
- June 2012, **NASA Air Quality Applied Sciences Team (AQAST) Meeting**, Wisconsin: Strong stratospheric influence on springtime surface high-O₃ events over the western United States in spring: Not-so-rare events?
- May 2012, **California's South Coast Air Quality Management District (SCAQMD)**, Ontario: Global sources of local ozone pollution in Southern California (*Invited*)
- May 2012, **NOAA Earth System Research Laboratory**, Chemical Science Division, Boulder: Background ozone over the United States in 1980-2010: origin, extremes, and long-term changes (*Invited*)
- Feb 2012, **UN Task Force on Hemispheric Transport of Air Pollution (TF HTAP)-2011-2015 Work Plan Meeting**, Pasadena: Transport of Asian ozone pollution into surface air over the western United States in spring
- Dec 2011, **American Geophysical Union (AGU) Fall Meeting 2011**, San Francisco: Variability and changes in tropospheric ozone over the western United States (1980-2010): Exploring the roles of stratosphere-to-troposphere transport and El Nino-Southern Oscillation

- Nov 2011, **NASA AQAST Meeting, EPA Research Triangle Park**: Estimating background ozone and its specific components over the United States to support NAAQS-setting, implementation, and attainment planning,
- Nov 2011, **NASA AQAST Meeting, EPA Research Triangle Park**: Model Intercomparison of background ozone to inform NAAQS setting and implementation
- Oct. 2011, **NOAA Geophysical Fluid Dynamics Laboratory Science Symposium**, Princeton: Stratospheric impacts on ground-level ozone air quality over the western United States.
- July 2011, **NOAA Senior Research Council**, Princeton: Asian and stratospheric impacts on tropospheric ozone over western North America: means, extremes and the role of ENSO (*Invited*)
- Apr 2011, **International Workshop on Tropospheric Ozone Changes**, Toulouse, France: Trends and variability of tropospheric ozone at northern mid-latitudes in 1980-2010: Exploring the role of emissions, ENSO and STE
- Dec 2010, **AGU Fall Meeting 2010**, San Francisco: Impacts of Asian emissions on ozone air quality over the western United States
- Oct. 2009, **University of Tokyo, Institute of Industrial Science**, Japan: Connections between air pollution and the hydrological cycle
- Oct. 2009, **Hong Kong Polytechnic University**, Hong Kong, China: Multi-scale model analysis of air pollution in Asia
- Oct. 2009, **Acid Deposition Monitoring Network in East Asia (EANET)** - Regional Scientific Workshop, Japan: Multi-scale model analysis of EANET Data (*Invited*)
- June 2009, **United Nations TF HTAP** - Linkages between regional and global modeling, air quality and climate change, Paris, France: Quantifying pollution inflow and outflow over East Asia through coupling regional and global models
- Feb 2009, **International Institute for Applied Systems Analysis (IIASA), Austria** - 11th workshop for Model Inter-comparison Study for Asia: Inter-comparison of two regional atmospheric chemistry models (WRF-Chem and CMAQ) for East Asia
- Nov 2008, **University of Wisconsin-Madison, Center for Climate Research** -Climate, People, and Environment Program Seminar: What controls the seasonality of boundary layer ozone in Asia?
- Oct 2008, **United Nations TF HTAP, Vietnam**: Regional impacts of hemispheric air pollution transport
- Feb 2008, **International Institute for Applied Systems Analysis (IIASA), Austria** -10th workshop for Model Inter-Comparison Study for Asia: Evaluating gaseous pollutants and source-receptor relationships for reactive nitrogen deposition in East Asia (*Invited*)
